Fatal Calgary Fire

Two Men Suffocated When Empire and Grand Central Hotels are Destroyed

Calgary, Jan. 18.—In one of the worst fires in the history of Calgary, two men, Chris McBride, of Youngstown, and Thomas Hock, of Gleichen, were smothered to death, seven firemen were injured or overcome by smoke, and property damage done to the extent of nearly \$200,000 in a blaze which destroyed the Empire hotel, the Grand Central hotel and several small stores adjoining early Sunday morning. The two men who were suffocated were playing cards in a small room in the basement of the hotel. They were warned of the fire, but did not take it seriously and continued their game to the end. They were caught in a trap and were unable to make their escape. The other guests of the hotels, to the number of about 100, made their escape with the assistance of the night clerk and the firemen. The firemen fought the blaze handicapped by bitter cold and only succeeded in smothering it a few minutes before a sixty-mile blizzard came on.

The guests, many of them women and children, were taken from the rooms only in their night clothes, some of them having narrow escapes. The seven injured firemen, including Chief Stuart, had none of them are seriously injured.

WILL HOLLAND SURRENDER THE KAISER?

Paris, Jan. 16.—The supreme council today approved the text of a letter to the Dutch government asking for the extradition of the former German emperor.

The general expectation in French circles is that Holland will refuse to deliver the former monarch.

It is pointed out in supreme council circles that in case the Dutch government is disinclined to deliver Count Hohenloer, it has a foundation for its resistance in the fact that the offences named in the peace treaty, namely, "crimes against international morality and the sacredness of treaties," are not provided for in the Dutch laws nor in the treaties between Holland and the allied powers regarding extradition.

DEWART CHALLENGES DRURY

Toronto, Jan. 16.—H. Hartley Dewart, K. C., M. L. A., Liberal leader in Ontario, in a statement handed to the Canadian Press tonight, severely criticized the premier, who was constitutionally called to the premiership by the former lieutenant-governor, Sir J. H. Macdonald. Mr. Dewart asserts, and the Liberal leader concludes by offering Hon. Mr. Drury a contest for one of the Toronto seats now held by a Liberal.

Sixty-two days have passed since November 15, when the new government was sworn in. Mr. Dewart points out, and he demands that the trio of southern ministers either get seats or declare their inability to do so. "If the premier finds himself opposed in this province," said Mr. Dewart, "it will be due to the fact that the people will not stand for irresponsible government."

NEWSPRINT SITUATION

No Newspapers Being Published in Winnipeg

Winnipeg, Jan. 16.—For the second time within a year this city will be practically cut off from the world news tomorrow. During the strike of last June there were days without knowledge of the outer world almost entirely owing to the loss of operating staffs for the wires, and the three local papers have had to suspend publication because they have no paper on which to print their editions. This is due to a dispute with the paper-makers at Fort Frances, and there seems little likelihood of any very early settlement and supply of paper.

The only other places, so far, nearing a famine in news and news print are Regina, Moose Jaw and Saskatoon, but the outlook there is cheered by the fact that one of the newspapers may be able to continue to publish for a week yet. After that there will be a dark spot in the news situation over the provinces, at least so it could seem tonight.

JELICO CALLED HOME

Admiral Viscount Jellicoe, former first sea lord of the British admiralty, has received an urgent call to England, and for that reason has cancelled his visit to Brazil and Argentina. This announcement was made by the minister of marine today, following receipt of a message from the admiral.

Sir Robert Borden, Canadian prime minister, was to have sailed to South Africa with the admiral's party. No word was received as to Sir Robert's plans under the circumstances.

New York, Jan. 19.—Raids and deportations have so unsettled the foreign-born that hundreds employed in basic industries are preparing to leave the United States, according to the inter-racial council, which last night announced a launching of a campaign "to make aliens better understood and to lift them from the status of menials in a machine to the status of human beings."

PONOKA U.F.A.

CO-OPERATIVE

The annual meeting of the Ponoka U.F.A. Co-operative Association was held on Wednesday afternoon, with a good attendance.

President W. J. Hoar presided, and gave an interesting report on the year's operations, which showed progress being made. The financial report for the year was most satisfactory to the shareholders.

W. J. Hoar was re-elected on the board of directors, and Grant Paulson elected to succeed Andrew Harper, whom, owing to poor health, could not see his way to serve longer.

Vote of thanks was extended the board for their efficient services during the year.

PRESIDENTIAL ELECTION OF FRANCE

Versailles, Jan. 17.—Paul Deschanel was elected president of France by the national assembly. M. Deschanel received 734 votes out of a total of 859 cast.

Paul Eugene Louis Deschanel, statesman and author, is known as one of the most brilliant public speakers of France. He was born in Brussels, in 1857, during the exile in Belgium of his father, Emile Deschanel, senator and professor of the College of Paris.

Paul Deschanel entered political life in 1876 as secretary to M. DeMacer, then minister of the interior, and in the following year was secretary to Jules Simon, president of the council. In 1880 he was elected to the chamber of deputies, becoming vice-president of that body in 1896.

This is the second time M. Deschanel has been a candidate for the presidency of the republic. In 1912 he entered the lists against Raymond Poincare, but polled only 15 votes.

DO YOU KNOW WHY?

That old sore on the skin of your back again? It's because the remedies you have been using do not get to the root of the trouble, but remain on the surface. Try **Zam-Buk!** It penetrates the underlying tissue, destroys all germs and cures fast. It is the only medicine that cures all skin diseases. All dealers, the box.

Zam-Buk

Peace and Its Obligations

With the formal exchange of ratifications of the Peace Treaty of Versailles by Germany and the great powers, with the exception of the United States, and many of the lesser powers, the Great War came to an official and legal end on Saturday, January 10, 1920, and peace in the international scene once more prevails in a world distracted by war for over five years.

This exchange of ratifications, and the official promulgation of peace, might have been accomplished much sooner but for the tardy action of the United States, and many of the lesser powers, the Great War came to an official and legal end on Saturday, January 10, 1920, and peace in the international scene once more prevails in a world distracted by war for over five years.

Means Agricultural Prosperity

One reason in Every Twelve in Saskatchewan Owns an Auto. When a province with a population of about 750,000 has almost 50,000 automobiles in use, or an average of one to every twelve persons, it is fairly obvious that that province is enjoying a reasonable amount of prosperity. This, in a community where the majority of its population is dependent on the production of the land, means agricultural prosperity.

More than 38,820 automobile licenses were taken out in the province of Saskatchewan, or approximately 8,000 in excess of the number issued in 1918, according to figures compiled by the motor license department of the Saskatchewan government.

It's a poor rule that isn't good for more than a kid.

ARE YOU WEAK AND RUN DOWN?

In This Condition Only a Tonic Medicine Can Renew Your Health

The condition of being "run down" is one that doctors do not recognize as a distinct disease. It is a condition which gets its name from a hospital patient who is so weak that he cannot move from his bed. It is a condition which is not a disease, but a symptom of a disease. It is a condition which is not a disease, but a symptom of a disease. It is a condition which is not a disease, but a symptom of a disease.

Edmonton Stockyards Have A Good Year

November Was The Heaviest Month In Cattle Receipts

Livestock to the value of \$5,559,399 was handled at Edmonton, Alberta, in 1919. Of this amount \$3,914,472 represents cattle and \$2,644,927 horses, mules and pack animals. A heavy average over preceding years. The total cars received in 1919 numbered 816, as compared with 3147 cars in 1918, 2,966 in 1917, November was the heaviest month in respect to cattle receipts and January in hog receipts.

There was also an increased business in horses, the total number handled being 8,685, as compared with 889 in 1917. Their value is put at \$564,225.

Shipments to the United States for the year totalled 11,159 cattle and 438 calves. Country points in Canada took 44,836 cattle, 3,291 calves, 3,945 hogs, and 14,495 sheep. Canadian points received 2,966 in 1917, November was the heaviest month of the year; took 13,101 cattle, 2,496 calves, 20,642 hogs, and 3,381 sheep.

It's a poor rule that isn't good for more than a kid.

Canadian Army Back In Civil Life

Over Three Hundred Thousand Into Civilian Occupations Since War

Since the armistice, 272,337 soldiers have been repatriated from overseas. A total of 438,000 members of the Canadian expeditionary force who have been turned back into civilian occupations. It does not include the 600 officers and men who have been returned to Canada and demobilized. This is a total of 438,000 members of the Canadian expeditionary force who have been turned back into civilian occupations. Use Bovril in your cooking. It flavors, enriches, nourishes more.

The Bovril-bottle, from the factory, has been found to contain no harmful substances.

German Prisoners Were Well Satisfied

With Their Work

German prisoners of war have been repatriated. Over 200 of the agricultural camps have been closed and the German contribution to British farm labor may be considered at an end. War prisoners were first employed in agricultural work early in 1917, the allocation of their labor being in the hands of the county war agricultural committees. The total number of prisoners allotted to agricultural work varied slightly from time to time. In January, 1919, over 20,000 men were employed, and at the beginning of September, when the repatriation work began, there were over 25,000. Farmers did not welcome the employment of first-hand soldiers, but as time went on, they were well satisfied with their work. Land drainage and the clearing of rivers engaged the attention of a considerable number of prisoners and during the harvest of the past year their help did much to make the work less difficult. But in many counties owing to the withdrawal of the men in agricultural camps.

Co-Operative Work

M. r. i. e. i. n. g.

Over Two Million Pounds Was Contributed By The West.

The Canadian Wool Growers, Limited, a farmers' co-operative organization which handles the sale of the wool produced in Canada, has now 1,923 shareholders. Of these, eight hundred are in the West; 254 in Manitoba, 313 in Saskatchewan and 233 in Alberta.

The total amount of wool handled this year was 3,811,566 pounds, of which 2,803,443 had been contributed by the West. All the western wool has been sold excepting 225,000 pounds, which it was decided to buy from the shippers at what they expressed would be the market price and close up the business for the year.

The close of the year killed the demand for coarser wool fabrics and made sales slow, but a better demand to be expected as soon as a depletion of the flocks in Australia, New Zealand and the Argentine is reported.

To Prevent Influenza

Colds, Croup and Influenza—LAXATIVE BRIM QUININE TABLETS remove the cause of "Brim" and "Quinine." E. W. GROVES' signature on box.

Using The Earth's Hot Water

Steaming Water That Would Be Sufficient to Heat Every Building in Large Town

People in the western part of America, who have to pay for heat and oil for heating at constantly high prices, naturally look upon what longingly at the great hot springs in their vicinity. A hot spring appears in a broad path that stretches diagonally across several states, from such places as the meadows above the Yosemite, through Nevada, and taking in the Yellowstone Park in Wyoming. The great Comstock mines at Virginia City, Nevada, have always been rich, and even today the lower levels are filled with steaming water that would be sufficient to heat every building in a town of considerable size, if engineering ingenuity could devise the way to carry it to the nearby towns. Water boiling, bubbling, and geysering, is a sight to see. Even today a number of ironworks have heated their water, and some few are running, from this underground supply—Christian Science Monitor.

Census of Dairy Industry.

There was a marked increase in the dairy industry last year. In 1917, the total number of farms in Canada was 3,418, of which 1,900 were dairy farms. In 1918, the total number of farms was 3,418, of which 1,900 were dairy farms. In 1919, the total number of farms was 3,418, of which 1,900 were dairy farms.

CUTICURA HEALS BABY'S FACE

Combats Deep Eruption

Healed and Burned So.

"I noticed a little pimples on my baby's face. I thought it was from the milk, but it was not. The skin was red and very hot. It would not stop. I was very much alarmed and turned so. It caused him to scratch. I was quite discouraged."

"I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. I bought more and used it. It cured the eruption and two small bald patches of Cuticura were healed." (Signed) Mrs. B. D. McQuinn, Clearwater, Fla., Dec. 15, 1919.

The Cuticura Soap, Ointment and Tablets are for every-day use. They are the only ones that cure the eruption. They are the only ones that cure the eruption. They are the only ones that cure the eruption.

Control of Natural Resources

Plan for Development of Saskatchewan Resources Is Made by Provincial Members.

The impossibility of adequate development of natural resources taking as long as they were controlled by a central government, so far removed as Ottawa, was stressed by J. G. Gardiner, Minister of Lands and Forests, in his report to the Saskatchewan legislature. He also advanced the plan that the university was the logical place to conduct research work on the province's resources. He also advanced the plan that the university was the logical place to conduct research work on the province's resources.

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save, is to start a Savings Account for each child (10¢ each is sufficient). After a child has saved another dollar to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

Local News.

O. J. Rochford, of Edmonton, was a week-end visitor in town.

Mrs. D. A. Morrow has returned home from her visit in Iowa.

Mr. and Mrs. Mike Brady are spending a few days in Edmonton.

Allan Wyman is attending a private school in Calgary.

Mrs. L. Headley has gone on a visit to relatives in Seattle.

Messrs. J. G. LaFrance and H. Small are representing Ponoka at the Calgary bazaar.

Mr. and Mrs. Louis Fleming have returned home from their visit to the coast.

Miss Nellie Gordon underwent an operation for appendicitis in the St. Mary's hospital on Monday.

A good deal of grain is being shipped out these days, and the roads are in fine condition for hauling.

Farmers desiring to take advantage of the provincial government "cow-bill" should read the advertisement in this issue and act without delay.

Miss Fleming, of Sussex, England, arrived in our midst from the last land last week, and has joined the nursing staff at the hospital.

Mrs. Irvine Traynor and two children, who have been visiting with the former's sister, Mrs. Geo. L. Daycock, for a time, left for their home in Glen Bogie, Sask. last week.

Encourage the boys by attending the skating carnival on Friday evening. Great preparations are being made and the event is sure to be an enjoyable one.

Miss Francis Nickawa, the noted tree entertainer, will give a concert in the Union Church on Friday evening, Jan. 30th. Look out for future announcements.

An exciting hockey game was played on the rink Saturday when Wetaskiwin Juniors were guests of Ponoka Juniors in a return game. Play was fast throughout, the teams being well matched. After a keen struggle Ponoka came out in the lead, the score standing 3-2 in their favour.

Having been appointed station agent at Oxbow, W. J. Amell left town last week with his family. Mr. and Mrs. Amell have made many friends in town during their sojourn here, and best wishes go with them in their new home.

"Bagpipes, nothing!" So says the modern Southerner as he murders "The Girl I Left Behind Me" on his slide trombone. Night and day the hospital staff and patients are being warned of the fact that a great tragedy is being enacted in their midst.

There will be morning prayer and holy communion in St. Mary's church next Sunday, January 28, at 11 o'clock.

Dr. Mecklenburg, eye specialist, will be at the Royal Hotel on Tuesday, January 29th.

Many local farmers are attending the U.F.A. convention in Calgary this week. May they have a pleasant and profitable time.

Kat—On Saturday, January 17th, to Mr. and Mrs. C. P. Kay, a daughter.

SCHREIBER—On Wednesday, Jan. 14th, to Mr. and Mrs. W. J. Schreiber, twin boys.

The change in the train timetable, which took place on Sunday, has caused the usual inconvenience.

Union Church, Ponoka, Sunday, Jan. 25th, 11 a.m. and 7:30 p.m.—Rev. Tosa, Powell, of Calgary, will preach at both services. Do not fail to hear this prominent speaker. Everybody welcome.

CHAS. BISHOP, Pastor.

Union prayer meeting in the Union church on Wednesday, Jan. 25th at 8 p.m.

Union church choir practices on Friday at 8 p.m. All members urged to be present.

Baptist Church services for Jan. 25th.—Concord: Sunday school at 2 p.m.; preaching at 3; Ponoka at 7:30. Subject, "The Tragedy of the Twentieth Century." If you have no church home, make your home with us. All are welcome.

Mr. R. B. Holmes, from Ponoka, was a visitor on January 13th at the big exhibit of Southern California products, maintained free to the public in the Los Angeles Chamber of Commerce. He also attended the lectures and moving pictures that are a part of the daily program. The exhibit is the largest of any in the country, maintained by a commercial organization. Before returning home, he expects to visit several of the many other places of interest in the Southland. —Los Angeles Chamber of Commerce News Service.

CLIMAX

Winter is with us again. Considerable snow fell during the past week. However, automobiles are still running.

The J. R. Maney family have moved to Ponoka for the winter. Their stock is being cared for by Mr. Maney and the boys.

Mr. and Mrs. Ekell went to Lacombe last week to consult with Dr. Hynes. Mrs. Ekell is now in hospital there, having undergone an operation recently.

The Climax district is well represented at the U.F.A. convention at Calgary this week.

Owing partly to the annual meeting of the Farmers' Co-operative Co. in Ponoka last Wednesday there were only five or six raters at the annual school meeting.

The members of our U.F.A. local are recipients of some fine call cards, given them by the Ponoka U.F.A. Co-operative association.

CURLING

There is no falling off in the interest, and the curling rink is crowded every night with an ever-increasing membership.

As the first draw is about finished, excitement is intense, several teams being equal in points. Not only are the players enjoying themselves, but the spectators are also showing keenness in the game, and of course the spectators include ladies in large numbers.

ON THE SIDE

More ice! In town! Don't touch her, boys, don't touch her—J. Hepburn. Sweep, Doc, d—sweep!—His Skip.

Neil has a live score keeper. He has absolute trust in her.

My glasses are not right. More ice—Joe.

Sidney has the voice: Yes! yes! yes!!

Give me the shot rock?—Andy. Arthur and Charlie must have been born curling.

I can lay my rocks where I want them.—Doner.

Dave thinks that if he can only keep his skip sober they will win the series.

A GRAND CARNIVAL

WILL BE GIVEN BY THE PONOKA CUBS ON THEIR RINK ON Friday, Jan. 23

Prizes will be given for the best dressed Lady and Gentleman, Boy and Girl. Also a prize will be given for the most comical person.

The Ponoka Band will provide the Music.

Stating will be from 8:30 sharp to 12 o'clock.

Admission—Adults, 50c; Children 35c. Come and give the boys a boost.

STHAYED

1 Roan Steer, long yearling, branded TW on right side; 1 Red Yearling Heifer, no visible brands; 1 yearling Red Bull, no visible brands. The above have been on my place for some time. Phone 1619 H. MAIR, R. 1, Ponoka.
